The Rowland Institute at Harvard is seeking applications for Junior Fellowships. We seek the best young experimentalists in all areas of natural science and engineering. The Fellowship provides an opportunity to work in the rich intellectual environment at Harvard and the surrounding area, while establishing an independent research program.

The term of the Fellowship is for up to five years, with a flexible start date. The stipend will be upwards from $70,000 per year, depending on the candidate’s experience. Fellows must have completed their doctoral degrees prior to starting their term.

Instructions for applying to the program are to be found at the Rowland website:

www.rowland.harvard.edu/apply

The application deadline is **Aug.15, 2015**.

Questions about the program should be directed to rjf@rowland.harvard.edu or

**Harvard University is an Affirmative Action/Equal Opportunity Employer**

A larval zebrafish navigating a radially symmetric thermal gradient in darkness. The perimeter of the behavioral arena is noxious (37°C), while the center is neutral (25°C).
